OCTOBER 2022

Campbells

Connecting people through food they love.

THE FACTS

Soup was the top growing lunch food between 2020 and 2021 for consumers with fueling in mind.

62% of consumers site cooking at home as a measure to combat food price concerns.

11.6% dollar growth in soup vs. two years ago.

Over 111 Million households use soup!

Soup that eats like a meal.

- Ready to eat soup: Made with big pieces of meat with no antibiotics,
- 15 grams of protein: each bowl contains 15 grams of protein
- Microwavable soup when you are hungry and crunched for time
